
Title: The New Enemies

Author: ELRIC

Now, at anytime i end
a journey, i am in a
place quite and
peacfull, listening to
the Yewtrees
windnoise, and the
roaring Hinds in the
fogg-wood around
Serpents
-cross-Tavern, a
place were i always
return with good
feelings...rememberi
ng the good friends
and comrades , i have
meetalways there, and
also the ones i have
lost here, as the Allies
and Gold-hungry
mercenaries of the
Followers of
Armageddon attack us
, to quit our search
about the Whereabout
of Junin Pince...one
of the most dangerous
man on Brittain's
continent....one of the
NEW enemies, the
man who is , i think,
the one ,Durynn since
long ago has talked
about....his words as
Crawworth coughts
him have been long ago
called...senseless...!
NOW we are at a point
in our history ...were
his ,i call it Dark -
prophecy,...
come reallity...only
W. is a leader, and
free to do what he
wants, if he IS a
leader...and must not
obey Pince...or a
other, higher Power.
With he time, i

suspect that he, Junin
, isnt the only Leader
of the cult ...i hope so,
remembering
Duryynns Prophecy .!
Now, remembering so
far back in the past,
the bloody body of the
brave Sir Duqelle
comes to my mind
again...tortured to
death...and the new
corpses ...two now,
also hacked in
pieces...gruesome to
look at them, but
necessary, couse i
hoped to find new
tracks of the
Followers...or the
murder...whoever he
or she was....together
with the rumor i have
heard whilst writing,
that two persons was
kidnapped last
week,...i suspect and
fear, the one body is
the corpse of Mariah,
the woman from the
Lycaneum...he is
vanished...and
maybee she was killed
like Sir Duqelle ! The
steps of the Followers
are slow, but they
move, and the precise
and exact strikes of
them try to blockade
our work, and of all
who stood up against
them...bravery and
loyalty to the King
was the failure of
Duqelle...and now we
stood again at two
bodys of people, who
was left alone with
their wisdom, couse
our helping hands and
swords was not ready,
to protect them ...of
course, i must say ,
the changing times
have not brought only
evil...and not only
enemys showed up...
Norab , son of the City

Magincia stood now on
our side....and with
him the White Mages !
To fight the new
Enemies...as there
are Junin Pince...and
the mysterious W.
,...and this are
maybe the only
KNOWN, new
enemies.New, i know,
they arn`t...but knew
Goals they try to
reach in this days,
and this is a point
were we are again at
the researches of
Winslow, vanishing
people like Mariah of
the Lycaneum ,and the
hate of an Troll
against the
Followers.The NEW
Enemies are our OLD
,well known
Enemies...also the
Rumors and Lies they
spread out to the
citizens of Brittannia,
and also our own
Fears and distrust
...we havent really
changed ourself
....but the time have
...and here we are at
the point of the TRUE
new
enemies..Mercenaries
and Chaosfollower,
hired and allied to
the gruesome
Followers of
Armageddon,have
started to fight against
the forces of Light,
and so also WE , who
try to break the black
chains of Darkness
,the Cult have laied on
some parts of the
land,are faced with
this Hordes, well
equiped and skilled in
combat and
magery.....corupted
by the thirst of power
and blood, ...true
worth allies of Junin

and W.!The War goes
on ...and a man have
come back,from him i
dont knowIS he a
Enemy.....or is he
on our light side..? Or
is he on HIS side , as
so often in the history
...of this
continent...yes,
reader, i talk of Lord
Blackthorn, who is
back...
